Where a misty sun light came through the windows

After this cultural sightseeing an ice-cream at the “Schweden Platz” was a must!!!

Together with Emina, Heike’s daughter, who was in NZ with STS last year.

From there a long walk at the channel of the Danube river, by

Passing the artist Hundertwasser-House and to Heike’s home for yummy food and Vienna coffee

What a nice day!!!!

Finally, let me thank here very much Heike who is our new arearep and does a great job, I think you can all see how the students like her :o)
